4. Move the score line until it is even with the pointer and punch. Then score at the medium mark again.
5. Flip bottom to top with the punched edge at the start line. Score at the medium mark to join up the line. Move the score line to the pointer and punch. Then score at the medium mark to join up the second score line.
6. Cut off the excess at the top and bottom and leave the punched tabs at the top and bottom.
7. Burnish score lines with your Bone Folder.
8. Add Tear & Tape to the side tab and adhere to the opposite side.
