#### Directions:

1. Score each box base: in Portrait at 1-1/2" rotate 90° left in Landscape at 1-1/2", 3", 4-1/2", 6"
2. Score each lid piece just < 1/2" on all sides.
3. Cut and miter tabs on the box bases and lids and adhere with Multipurpose Glue.
4. Score the long cardstock strip at 3", 6", 9"
5. Score the longer remaining strip at 1-1/2" and adhere to the bottom of one of the boxes.
6. Adhere the remaining strip to another box.
7. Adhere the Heartwarming Hugs strip to the back of the Old Olive strip bending at each score line.
8. Adhere the boxes to the long strip.
9. Cut away the small bit of designer paper on cardstock that over hangs the tab extending beyond the box at one end (be careful to not cut the tab).
10. Make a slit in the tab against the edge of that box (do not cut all the way through).
11. Make a slit in the tab on the opposite end, cutting from the opposite side of the tab.
12. Roll of the box and slip the two ends together.
13. Cut one strip of Heartwarming Hugs designer paper in half, run it across your Bone Folder and adhere the ends with Stampin' Seal +. Layer the two pieces for the base of your bow.
14. Cut the remaining designer paper strip into (2) 3-1/2" pieces and a 4" piece.
15. Run the 3-1/2" pieces across your bone folder, form the loops and adhere the ends and add to the bow base.
16. Run the remaining piece across your bone folder and form a circle to add to the bow.
17. Adhere the bow to the Roll Up Box on one side only.
